

## **Media Release**

**Luke Simpkins MP  
Federal Member for Cowan**

7 October 2008

# **Relocation of Wanneroo Australia Post**

Following numerous complaints about the existing Australia Post Office facilities at the old Wanneroo Shopping Centre Luke Simpkins MP says its time for a change.

“The current location is entirely inappropriate for the elderly and those with disabilities. There is not enough parking and the parking area that exists is sub-standard.

“With the opening of the newly redeveloped Wanneroo Shopping Centre, there is a perfect opportunity for Australia Post to relocate to a more convenient, customer friendly environment.

Mr Simpkins is currently gathering signatures for a petition he plans to present in Federal Parliament on the issue.

“I have also written to the Managing Director of Australia Post to bring the concerns of my constituents to his attention.

“Apart from the new Centre being a more convenient location for existing customers, the move would help establish the new Centre as a service hub for the Wanneroo area.

“Retaining the existing location does not make sense. It is not in Australia Post’s commercial interests, nor the interests of the community.
